

Cross of Nails

The Cross of Nails is a rough and rugged piece made entirely from nails. The nails are used to form the shape of the cross and also to form hidden words within the cross. The meaning of the cross is simple: When a person draws near to the cross, Jesus will reveal more of who He is.

The amazing thing about this piece is that from a distance the cross can be seen as the shape of a cross. However, if the viewer decided to come closer to the cross, he will notice that there are words written in it. These words represent the things that Jesus wants to give you if you put your trust in Him. Examples of the words hidden on the cross are: Forgiveness, Grace, Peace, Faith, Hope, Love, Life, Truth, Victory, and Joy
